EVENT OPPORTUNITIES ON THE LOWER TRENT TRAIL

- Is your organization or group looking for a new site to hold a fundraising walk, cycle or run event?
- Ever thought of running a Surf N Turf Relay Race?
- Have you been looking for an outdoor location to hold a yard, plant or book sale?

This is what the organizer of the CFB 8 Wing Surf-n-Turf Race said about their event held partially on the Lower Trent Trail: "The picturesque nature of their venue and the well groomed trails adds to the success of this event. Our athletes, sponsors and volunteers appreciate the cooperation and support that our community partner – Friends of the Trail provide."

For the past five years, the Friends of the Trail Inc. have been developing the LOWER TRENT TRAIL as a beautiful new nature trail in Quinte West. Located on the former CN rail line, the Lower Trent Trail runs 17 km from Glen Ross in the north to Trenton in the south.

The trail that follows the Trent Severn waterway passes through the towns of Frankford, Batawa and Glen Miller as well as through many scenic rural settings. The trail is naturally preserved and is suitable for walking, running, cycling, and snowshoeing. Sections of the trail are user friendly for the mobility impaired.

Don't miss out on this excellent opportunity for your organization to offer an exciting new location to your event participants.
